

Instructions for use of Sofa Bed

In normal operation, the sofa bed lies against the left-hand wall, facing the television.

To use the sofa bed, it will need to be moved to face into the room, with the back against the wall and doors to the garden (<1 minute).

Remove all cushions and put to one side (<1 minute).

Pull back cover (<1 minute)

Locate the handle that says “Pull Here” and lift the body of the bed from inside the sofa (<1 minute).

Pull back the first folded frame (<1 minute)

Pull back the second folded frame, making sure the legs are straight, resting on the floor (<1 minute). The mattress protector remains on the mattress at all times.

Replace rear cushions, to provide a soft headboard.

Linen and pillows for the sofa bed are under the stairs.

Add sheet over the mattress protector.

Add duvet and pillows (with pillow cases and duvet cover).

Total time required (<4 minutes)
